SUMMARY

Thai market, one hire. I localize the game — then take it to market. JA/EN→TH localization and LQA (1,000,000+ characters, 14 shipped Steam titles, console LQA at DIGITAL HEARTS) plus direct working lines to Thailand's largest gaming media, casters, and event organizers — one person in place of a translation vendor, a PR agency, and an events partner.

WORK EXPERIENCE

Thai Localization & LQA

Mar 2026 – Nov 2026 · freelance contract

DIGITAL HEARTS (Thailand) — Bangkok

- Localized **80,000+ words** of **internationally well-known AAA console titles** from a major Japanese publisher (EN/JA → TH) while carrying full LQA duties on simultaneous release schedules. *Title names withheld under NDA.*
- Consistently **among the team's top bug finders**, specialising in defects other testers miss: linguistic breaks, text truncation, and context errors that only surface on a native-level Thai read.
- Reworked how the Thai team logged and triaged issues, **cutting duplicate reports and shortening each test cycle.**
- Acted as the **Japanese-language bridge** to Japanese management — escalating directly with no translation layer, and interpreting for visiting head-office executives (consecutive and simultaneous).

Thailand Localization & Marketing Manager

Dec 2024 – Present · concurrent

Sticky Rice — Canadian publisher of Japanese games on Steam, remote

- Own end-to-end JA→TH localization for **14 Japanese visual novels shipped on Steam** as the sole Thai-side staff member — schedules, translation, editing, and cultural adaptation.
- Translated and edited **1,000,000+ characters** single-handedly, holding tone, terminology, and style consistent across every title.
- Transcreated storylines and item copy for Thai players, driving a **15% sales uplift** on localized back-catalog titles (internal sales data).
- Represented the company at **Tokyo Game Show 2025**, meeting 15+ international developers and opening new partnership leads.

Japan Pavilion Lead — Japanese Game Event & Business Development

2024 & 2025

JETRO at Thailand Game Show — Thailand's largest game expo

- Launched **JETRO's first game pavilion at Thailand Game Show** as one of only two staff, from exhibitor recruitment to on-floor operations; the results won a six-person team and a **10× larger booth** the following year.
- Was the **on-site window between Japanese exhibitors and the Thai market** — press, influencers, distributors, and visitors — for the run of the show.
- Coordinated **50+ game showcases and 20+ business-matching sessions** between Japanese and Thai companies, conducting all coordination in Japanese.
- Ran **Cygames' Uma Musume fan event** at the JETRO booth, bridging Thai influencers and the Japanese organizers to draw 300+ fans.

Game and manga clients — direct and via agencies

- Localized live-service and PC/console titles including **Wuthering Waves** (via Marano Business) and **Battle Realm**.
- Translated licensed manga (JA→TH) as a contracted translator for **First Page Pro (Kadokawa Thailand)**.
